Shoreland Park

Along with the many benefits and pleasures associated with living in this St. Croix River Community, there come responsibilities. Residents with boat permits visit the Shoreland Park on a regular basis. Thank you to all residents who voluntarily pick up and remove debris that can accumulate along the beach. The Shoreland Park, in the St. Croix Riverway District, is a sensitive area. It is the City's goal, through this and other publications, to assist residents to continue to be good stewards of the area in which they live and to offer guidance and assistance in keeping our park system a place to enjoy for years to come.

City Code Guide

Permits for Boats Located on Docks/Moorings/Shoreland Park

- This guide is created by the City of Lake St. Croix Beach to assist its residents in understanding the rules for watercraft that are moored or docked in the Shoreland Park.
- This information is intended to answer the most common questions about boat permit rules.
- Also refer to the Dock and Mooring Structures City Code Guide for further information.
- The complete ordinances and resolutions governing the Shoreland Park may be viewed at the City Hall.

Residency Requirement

Applicants must be a resident of the City of Lake St. Croix Beach. A Resident is defined as an individual who is in occupancy of property, at a minimum, from June 1 to September 1 of the current year. This does not apply to grandfathered permits.

Definitions

Permit – allocated to an applicant for keeping a watercraft on a dock or mooring buoy.

Dock Boat – small boat (less than 16' length) kept on dock. This is not your main watercraft. Must be permitted (\$25) and assigned # by City Hall.

Shoreboat - small boat (less than 16' length) kept on shore. Must be permitted (\$25) and assigned # by City Hall and location noted.

Dock – a structure placed on the river adjacent to the shoreline for securing watercraft when not in use.

Mooring Buoy – a floating ball-like structure, moored to the river bed, and set out in the river to anchor boats when not in use.

Permit Availability

- Pursuant to a long-standing agreement with the Army Corps of Engineers (COE), the City is authorized to issue 35 boat docking/mooring permits in the City's Shoreland Park. (These permits are in addition to 15 "grandfathered" docking/mooring uses in the Park that existed before the COE agreement, in many instances before the City was incorporated, which continue to be recognized by the city and the COE. These uses are subject to the same structural requirements as COE permit holders.)
- Based on availability, one permit will be granted to a resident. The permit would be issued for one boat and one structure (dock or mooring buoy).
- A resident with a boat permit buoy designation may also receive a shore boat permit. Shore boats will be stored at the base of the bluff or, at the discretion of the Park Technical Committee, at a designated distance from the shoreline when not in use.
- A resident with a boat permit dock designation may receive a dock boat permit. Dock boats must be stored out of the water, on the dock or elevated on an appropriate structure attached to the dock.
- Any resident may receive a shore boat permit without a boat permit.
- Dock and shore boats may not exceed 16 feet, except canoes and catamarans.

Permits Renewed Annually

Those residents with a boat permit may apply to renew the permit annually. Permits that are not renewed are offered to residents on the waiting list.

Permit Deferment

If the permit holder is not using the structure by June 15, the city may revoke the permit. The City Council may consider written requests for exception to this requirement. Contact the City Hall regarding a deferment request.

Waiting List

- The city maintains a waiting list for residents wishing to receive a boat permit. When available, permits are offered to the first individual on the waiting list.
- Contact the City Hall for an application to be placed on the waiting list for a boat permit.
- This list is updated annually. A \$5 handling fee per year is charged to cover these costs.
- If a resident is offered a permit while on the waiting list and declines, they will remain on the top of the list until the next offer. If the resident declines the second offer, their name is moved to the bottom if they choose to remain on this list.

Proof of Liability Insurance

Boat Insurance: Proof of insurance is required - \$500,000 minimum. Ask your agent to supply a Certificate of Insurance for this purpose. The city must be named as a certificate holder as related to watercraft, boats, docks, and moorings.

Dock/Mooring Insurance: Proof of insurance is required - \$500,000 minimum. This may be covered under the permit holder's homeowner insurance policy. The dock/mooring must be scheduled on the homeowner's policy.

Shore/Dock Boat Insurance: Proof of insurance is required - \$500,000 minimum. Small dock and shore boats may be covered under the homeowner's insurance policy.

Co-ownership of Permitted Boats

- All co-owners must supply proof of liability insurance as stated above.
- Non-permit holders may own a boat with a permit holder.
- If a permit holder relinquishes their permit, the permit does not transfer to the non-permitted co-owner.
- Multiple permit holders may co-own a boat together.

Clustering/Sharing of Docks

- Multiple permit holders may cluster to share one dock structure.
- All clustered parties must hold a valid boat permit.
- Clustering arrangements must be approved by the Park Technical Committee prior to set up.
- If a clustering arrangement dissolves, each permit holder can place their own dock or mooring, based on their structure designation, in the Shoreland Park in an open location as directed by the Park Technical Committee.

Boat Registration

All boats must be registered in the applicant's name and Lake St. Croix Beach address with the State of Minnesota Department of Natural Resources. Registration numbers must be clearly displayed on the boat in accordance with Department of Natural Resources (DNR) regulations. The watercraft registration must be current - Call MN DNR at 651-296-2316 to check on the status of your registration. All watercraft must be maintained, safe, and operable for its intended use.

City Permit Numbers

Docks, buoys, and boats will display the owner's permit number. These permit decals may be purchased from City Hall after the permit is approved by the city. The decals cost \$10. These decals shall be placed on the upper right-hand corner of the transom on boats; on the right-hand corner, beach side of the dock; placed visible above the waterline of buoys.

Docks and Mooring Buoys

- The permit holder is responsible for providing the structure (dock or mooring buoy).
- No structure shall be installed without first receiving a permit from the city.
- All docks and moorings must be constructed to certain minimum standards. They must also be maintained in good condition.
- Call the City Hall for information on these minimum standards and before you purchase or construct a dock or mooring system. The Dock and Mooring Structure City Code Guide offers further information.
- Docks and access ramps must not exceed 25 feet onto City Shoreland.

(At this time, all dock permits are being used. When a dock space becomes available, it will be offered to individuals who are currently on mooring buoys in the order of their seniority.)

Placement

The Park Technical Committee manages the placement of docks and buoys in the Shoreland Park under the direction of the Park Board and the City Council. Once a permit is issued, the resident will be offered the next available location according to the placement chart. The Dock and Mooring Structure City Code Guide offers further information.

Non-Compliance

Failure to comply with any of the boat permit rules may result in loss of the permit or loss of the right to renew the permit.

Any illegal structure or boat may be removed by the City, and these costs charged to the responsible party. Inspections will be scheduled by the Park Board without notice to the permit holders.

Any non-compliance will be addressed as follows:

1. Warning letter/email to Permit Holder and others, if necessary, including a time limit to remedy issue.
2. Certified letter to Permit Holder if no response to No. 1
3. Citation to Permit Holder if continued non-compliance.

Disputes will be resolved per City Ordinance.
